Wella allergy alert procedure

It is a health & safety requirement that clients must have a Wella allergy alert test at least 48hrs prior to any hair colouring service. This procedure must be carried out by our students within the training salons BY APPOINTMENT ONLY. Unfortunately, no colour treatments can be carried out without a valid skin test in place.

If there is no change to the original consultation, this skin test is valid for 6 months.

Should you have a colour treatment at another salon or use shop bought products, you would need a new allergy test before your next colour service.

No colour treatments are carried out on children under the age of 16 years.

We are not always able to offer all of the listed treatments as it may vary throughout the academic year in accordance with students' requirements. At times, services might have to be cancelled at short notice due to unforeseen circumstances.
