

EMERGENCY FIRST AID AT WORK

OVERVIEW

This regulated qualification forms part of the QA First Aid suite of qualifications. The qualification and learning outcomes are based on the recommendations of:

- The Resuscitation Council (UK)
- A distinguished panel of experts in emergency medical care

The QA qualification is:

- For people who deal with first aid at work enabling them to be emergency first aiders under the Health and Safety (First Aid) Regulations 1981
- Based on the Health and Safety Executive (HSE) training standard for delivery of Emergency First Aid at Work (EFAW) courses for the purposes of the Health and Safety (First Aid) Regulations 1981.

This qualification should enable Learners to attain the knowledge and practical competencies needed to deal with a range of emergency first aid situations.

Learners should be able to demonstrate the practical administration of safe, prompt, effective first aid in emergency situations with an understanding of the role of first aider.

ENTRY REQUIREMENTS

Learners must be at least 14 years old on the first day of the training and be able to perform practical tasks at floor level. There are no other formal entry requirements but we strongly recommend that Learners have a minimum of Level 1 in literacy and numeracy or equivalent.

CERTIFICATION

This qualification is valid for a period of 3 years. The Learner needs to retake the qualification before the certificate expiry date to remain qualified.

PROGRESSION

Learners may progress to the Level 3 Award in First Aid at Work. Level 3 in Emergency First Aid at Work may be used towards other qualifications at the same and higher level, plus aid career progression in a relevant profession.

OUTCOME

The objective of the qualification is to benefit Learners by preparing them to deal with a range of emergency first aid situations and/or take on the role of emergency first aider in the workplace.
